### Protect privacy in all showers, bathrooms, & locker rooms.

Governor Wolf's top non-budget-related priority is passing a law to make sex-specific bathrooms illegal. If you agree that no men should be allowed in women's showers, restrooms, and locker rooms, **tell Governor Wolf: NO BATHROOM BILL.**

- Pennsylvania's proposed Bathroom Bills—HB 1510 and SB 974—would force all facilities open to the public to allow persons, regardless of biological sex, access to all bathrooms, showers, and changing areas.
- All public schools, restrooms open to public, restrooms at your workplace, and fitness clubs would be forced to allow men/boys into the women/girl's bathroom and locker room if they claim to be a female.
- HB 1510 and SB 974 would overrule current PA school law that requires all elementary, secondary and special education schools to have separate restrooms for boys and girls.
- It would overturn current PA law that requires employers to provide clearly designated, separate bathrooms for each sex in any establishment where both men and women are employed. It would overturn PA law that states "no person shall be permitted to use or frequent a toilet room assigned to the opposite sex."

**But that changes if Pennsylvania's proposed Bathroom Bills (HB 1510 and SB 974) become law, making all public restrooms, locker rooms and showers accessible to anyone regardless of biological sex.**

### WHAT YOU CAN DO

**Step 1** | Sign the Petition: [DefendMyPrivacy.org](http://DefendMyPrivacy.org).

**Step 2** | **Call and/or visit** your State Senator and State Representative.

**Step 3** | **Share** the Petition.

**Step 4** | **Join** the Coalition as a Volunteer.

*Help us ensure every Pennsylvania State Senator and Representative is hearing about protecting our privacy rights.*
