

PENNSYLVANIA MARCH FOR LIFE

Monday, May 18, 2020 | Pennsylvania State Capitol
Rally: 11am March: 12pm

The national March for Life in Washington D.C. every January has become the largest pro-life event in the world. While this national march primarily focuses on important federal issues, there are great opportunities for pro-life advancements on the state and local level. And there are many people who are pro-life who are unable to attend the national march due to the time of year and location.

Here in Pennsylvania, we have some elected state officials in Harrisburg who are trying to advance abortion on-demand without-restriction. State Senator Larry Farnese (D-Philadelphia) claims “restricting abortion for any reason is wrong.” Governor Tom Wolf, a former volunteer escort for Planned Parenthood, prides himself on vetoing any “attack on abortion” - such as his vetoes of the Down Syndrome Protection Act and a bill that would have banned late-term abortions.

It's time Pennsylvanians come together to show support for protecting life.

It's time to show officials in Harrisburg we do not support the extreme pro-abortion agenda.

It's time to march for life in Pennsylvania!

In addition to making a powerful and loud statement at the Capitol during the first-ever Pennsylvania March for Life, we will also hear from inspiring national and state pro-life leaders on how to make a difference for life for years to come.

How you can help

Why Monday, May 18th?

First, we wanted to make sure it was a session day for our elected officials in Harrisburg. Despite Monday perhaps being a difficult day for us all to get to Harrisburg, we are sacrificing convenience in order to make the most effective statement possible. On this session day, all the state lawmakers will be at the capitol and will see the massive crowd of pro-lifers as a reminder that Pennsylvania families stand for life and will not allow our laws to be dictated by the abortion industry and its extreme agenda.

Related Events (more to be added):

- Mass at St. Patrick's Cathedral - 9:00a.m.
- Adoration at St. Patrick's Cathedral
